

Communication

P/N	COMPC1 RS232 Wired	USBPC1 USB Wired	COMBLU Bluetooth Transceiver	COMWFI WIFI Transceiver	COMMH1 900 MHz Transceiver	COMGSM GPRS Transceiver	COMEVD EVDO Transceiver
Typical application	In-vehicle real-time data display Wired automatic data transfer	Fast data transfer	In-vehicle real-time data display	On-site automatic data transfer	On site real-time data display On-site automatic data transfer	Remote real-time data display Remote automatic data transfer	Remote real-time data display Remote automatic data transfer
Effective data rate (kByte/sec.)	10	550	10	10	10	1.4	10
Maximum Range (meter)	30	5	300	300	30 000	GPRS coverage areas	EVDO RevA, 1x coverage areas
RF Band (MHz)			2400	2400	900	850/900/ 1800/1900	850/900/ 1800/1900
Applicable			Everywhere	Everywhere	USA/Canada	Everywhere	Everywhere
Wireless network fees			0 \$	0 \$	0 \$	Cellular network connection required	Cellular network connection required
